CURRICULUM VITAE

Name	Anders Kleivenes Orset
Specialities	DevOps, Java, Vue.js, React.js, Typescript, AWS
E-mail	ako@okcloud.eu
Linkedin	linkedin.com/in/ andersorset

SUMMARY

I have worked in different roles in IT since 2017 und since November 2023 at dpa-IT Services GmbH as a developer. I like to learn and put innovative solutions into practice, and have worked with different technologies over the last years.

I have worked since 2022 in the AWS environment and have among other things set up and maintained an **AWS EKS Kubernetes Cluster**. At dpa-IT Services I set up CI/CD-Pipelines using **AWS CDK** to achieve separate development environments for the team. This allowed me to put some takeaways from the **AWS DevOps Engineer - Professional Certification** into practice.

The last year, I've worked with **Vue.js** and **Nuxt.js**. Before that I was able to gain around 4 years of project experience with the front end frameworks **Next.js** and **React.js**. I count with around 3 years of project experience with **Java EE** and **Spring Boot.** I'm **AWS Certified DevOps Engineer - Professional** and **OP Java SE 11 Professional** Certified.

TECHNICAL COMPETENCIES

AWS, EKS, DevOps, Spring Boot, Hibernate, JUnit, React.js, Next.js, Javascript, Typescript, Vue.js, Nuxt.js, Testing Library, Cypress, Git, GitHub, Gitlab, GraphQL, PostgreSQL, MSSQL, MariaDB,Docker, Kubernetes, Python, Bash
